Sorry to hear you are under the weather, but at least it's sunny outside. Call me when you have opportunity to review/discuss.

Dave and I did speak yesterday.

Was sick yesterday and still am today. Expect to be back tomorrow. I think Dave is meeting with the City tomorrow to verbally tell them of the plans for the interim cap and give an overview of our comments. Then the letter will go out, likely Friday. I'm planning to check in with Dave today sometime.

**Subject:** draft revised Phase III RAP comments

Cindy:

I've revised this a little in light of our discussion last week. Can you review and then let's discuss.

Sorry, meant to get this to you yesterday, but I got a little behind here.
